HOST OF ANSWERS IN WORD CONTEST

More Than 200 Try to Solve Superfluous Word Puzzle

100 TICKETS ARE ADDED

Richmond Theatre Increases Number of Tickets to Winners Making Total of 200

"Pledge. I have neither given nor received any help in this puzzle"

This was the heading of a sheet of note paper received from one of the entrants in the superfluous letter contest, which was conducted by the Alexandria Gazette and the Alexandria Amusement Company, last evening and for which answers came into the office this morning in a steady stream.

When Mr. Reed, of the Alexandria Amusement Company arrived at the office shortly after 8:30 o'clock this morning and saw the large number of answers that were coming in, and witnessed the crowd in the lobby of the Gazette Office he immediately added another hundred tickets to the number advertised to be given away and another hundred persons will be permitted to see "The Beloved Cheater," without cost.

However, owing to railroad difficulties, the showing of this big feature has been postponed one week, the dates being Wednesday and Thursday, April 21 and 22.

The winners of the tickets, whose names are announced below, are requested to make note of this fact and also that the tickets will be good on these two nights, next week, instead of tomorrow night and Thursday.

The answers received by this office totalled 205. The first to be received after the time advertised as the time set for the opening of the contest was that of Elmer L. Simpson. 132 North Payne street, who will receive ten tickets when he calls at this office tomorrow.

The other winners in the order of their arrival at this office, or as nearly in order as could be decided are all listed below. 35 answers were absolutely incorrect and 14 others came in too late to be entered in the contest.

However, for the benefit of those not sharing in the prizees to be given away tomorrow, we wish to announce that another similar contest will be announced in a short time and all readers of the Gazette are cautioned to be on the lookout for it

The tickets will be given to the winners at this office tomorrow morning, or any time during the day they wish to call for them. This deviation from the rules of the contest is made to accomodate the school children, who may be unable to visit the office early in the morning.

These tickets are to be held by each winner until next week, at which time the big feature picture will be advertised. The management of the Gazette and of the Aexandria Amusement Company regrets that this picture could not be gotten here for the days advertised in the contest but will join in making certain that the tickets are of value when the picture arrives next week.

The list of winners in their order follows:

Ten Tickets

Elmer L. Simpson, 132 North Payne Street.

Two Tickets

S. T. Parks, 113 North Fayette; Jas. A. Saum, Del Ray; Silven Cohen, 418 King; Tracy Nesbitt, Mt. Ida; Walter Nalls, 919 Duke; Richard M.

WALKOUT CRIPPLES POTOMAC YARDS

Total of 220 Switchmen, Yardmen and Conductors Out

3000 CARS IN YARDS

About 250 Cars Filled With Perishable Goods Consigned to Northern Markets—R. F. and P. Discontinue Frei

The Potomac Railroad yards, the gateway between the north and south, is today tied up tight as a drum as a result of the walkout of the 220 employees who quit at 10.30 o'clock last night.

Nothing has been done thus far to alleviate conditions and many cars of perishable freight are in the yards.

The situation is the most serious that ever before confronted the officials at these yards and the loss on perishable goods could not be estimated this morning by officials at these yards.

The men who walked out, paralyzing freight conditions at these wards, include switchmen, yardmen and conductors.

The foregoing number 200 men, include every employee in the foregoing crafts at the yards.

At the Potomac yards approximately 4,000 cars are hadled daily. At the present time it is estimated by Yardmaster R. M. Colvin that there are something like 3,000 cars in these yards which cannot be moved because of the walkout.

DISCUSS CONDITION W-V., RY WITH GRAY

Complaints About Road Made by Chamber of Commerce

RELIEF IS PROMISED

Railway People to be Given Fair Opportunity to Remedy Conditions Before Further Action is Taken

A conference was held yesterday in the rooms of the Chamber of Commerce between the board of directors of that organization and Mr. Norman Grey, president of the Washington-Virginia Railway Company and several of his associates.

It is understood that this conference was at the request of the officials of the Chamber of Commerce and that it was for the purpose of calling the railway officials' attention to the present condition of their roadbed, the condition of their equipment and the present method of operating the road.

It is stated that it was brought very forcibly to the attention of the Washington-Virginia Railway people that existing conditions on their lines were considered most detrimental to this City's welfare and that the Chamber of Commerce felt that it was their immediate duty to do every thing within their power to remedy this situation.

Mr. Grey and his associates stated that they had been operating under very unusual and trying conditions during the last year or two, but that they were of the opinion that these conditions would steadily improve from now on and gave every assurance that very extensive improvements would be undertaken at once in the city of Alexandria so far as their tracks are concerned and that the roadbed between Alexandria and Washington would be looked after immediately, and they also stated that they had every expectation of having shipped from the builders about forty new cars within the next month.

The railway people further stated that they were very anxious to remedy any conditions which worked against the best interests of Alexandria, and as they seemed to feel so sure that they would be able to show definite results along the lines discussed, the Board of Directors of the Chamber of Commerce decided to continue this matter over for the present as this will give the railway officials a fair opportunity to demonstrate their ability to promptly remedy conditions complained of.

DREADNAUGHTS WIN

The Dreadnaught A. C. Baseball Team won their opening game of the season on the High School Grounds Sunday from the Camp Humphreys Civilians by the score of 6 to 2, before a crowd estimated to be 2000 people. Jimmy Quayle and Blondy Forsman pitching for the Dreadnaughts had the Humphreys men at their mercy. Quayle had 8 strikeouts and allowed 1 hit during the 6 innings he worked, while Forsman allowed 2 hits and had 4 strikeouts to his credit in 3 innings.

Rice at shortstop for the Dreadnaughts featured with his all around good playing. Giles, Dawson, Crouch, Driefus, Deavers, Steele and Cornell played well in their positions, and make up a combination that Alexandria baseball fans will be proud of before the season is over. Manager McDonald asks only for the support of the fans and he will bring some of the best teams in the state of Virginia here this year for Saturday and Sunday games. Below you will find the list of scheduled games to June 20th:

April 18, Eagle A. C.; April 25, Selective Service Team; May 2, Winston A. C.; May 9, Brookland A. C.; May 16 Federal Board of Education; May 23, Washington Florists; May 30, Bolling Field; June 6, Linworth A. C.; June 13, Southern Ry.; June 20, Lincoln A. C.

Other Dreadnaught events will be another Athletic Carnival on Monday, May 3rd at the Opera House.

On May 31st, there will be a field day given consisting of athletic events with baseball games.

There will be a meeting of the Dreadnaught Athletic Club, Thursday Night at 8 o'clock, on the Third Floor of Smith Building. Every member is requested to be present at matters of importance will be discussed.

Sunday School Supper

Addresses by W. H. Best and Dr. J. J. Rives—118 Attend.

The Alexandria Sunday School Association held an interesting meeting last night in the Westminster building which was presided over by Rev. Dr. John Lee Allison in the absence of the president. The blessing was pronounced by Rev. Dr. E. B. Jackson, pastor of the First Baptist Church. Rev. Dr. E. V. Regester, pastor of the M. E. Church South gave the benediction W. H. Best spoke on the three fold purpose of the Sunday School and Dr. J. J. Rives of Roanoke on the proper methods to be used in the instructions.

Both speakers made decided hits and were closely followed by the 118 members of the association in attendance.

The delicious and bountiful supper was served by Miss Cochran and her able assistants who looked after the material needs so successfully.

MOOSE FESTIVAL

Not withstanding a sky that threatened a downpour of rain at every minute, the Loyal Order of Moose opened their week of spring gayety and Carnival of fun with a record attendance on the Colross show grounds.

With a parade of more than ordinary pretentions and headed by a platoon of the local police and officers, following by Alexandria's lodge and visiting lodges from neighboring cities band and parade horses, tableaux wagons filled with lions and other wild beasts properties of the H. W. Campbell Shows, the procession moved over the principal business streets and then wended their way to the show grounds followed by a gladsome crowd eager to enjoy the different novelties that were offered by the splendid show attractions.

Arriving on the grounds the visitors wasted little time in viewing the outside shows with the barkers shouting the merits of their various attractions. Every tent was hurriedly packed with a joyous throng whose one object to make the opening night of the Festival one of success.

The usual band concert will be given twice daily on the streets and performances on the city grounds at two-thirty and seven-thirty.

$100,000 HIGHWAY IS NOW ASSURED

Modern Roadway To Be Constructed Between Here and Washington

WORK TO START SOON

Definite Assurances Regarding Its Construction Given J. Y. Williams And Carroll Pierce

Announcement was made today by the Chamber of Commerce that in a conference with the state highway commissioners, J. Y. Williams, and Carroll Pierce received definite assurance that $100,000 would be immediately available for the building of a modern roadway over what is known as the Alexandria-Washington Turnpike, which parallels the railroad traks between Washington and this city.

The need of this commerrcial road has been keenly felt and it is gratifying to know that the construction is to be promptly begun.

At a meeting held under the auspices of the Virginia Good Road Association in Richmond plans were inaugurated for conducting an educational campaign to interest the people of the state in voting for a bond issue to promptly carry out the present plans for a state highway system. If the constitution of Virginia is amended so as to enable the state to issue bonds for road construction then Virginia will have a system of modern highways within a few years, otherwise it is estimated that the present plans cannot be carried out in less than fourteen years.

Following these meetings Mr. Williams and Mr. Pierce were guest at a dinner given by the advisory committee of the Richmond Chamber of Commerce to its new president, John K. Branch, at the Richmond Hotel.

VA. PRESS ASSOCIATION

The executive committee of the Virginia Press Association has been called by President L. E. Pugh to meet at Murphy's Hotel in Richmond at 2 o'clock Monday, April 19, to determine the time and place for holding the summer convention and to take up other matters of interests to the publishers of the State.

The committee is composed of J. L. Hart, Farmville Herald; M. T. Harrison, Bedford Democrat; George B. Keezell, Harrisonburg News-Record; W. A. Land, Blackstone Courier, and A. P. Rowe, Fredericksburg Free Lance; L. E. Pugh, Newport News Press, president, and Jas. C. Latimer, Roanoke Times, secretary treasurer.

Invitations from several places, including Lynchburg, will be placed before the committee.

EX-SERVICE MEN N. B.

Do you know that the famous 5th Regiment of Marines is again filling up? Only men who have had previous service are put into this organization and it is the chance of a life time to get into a real he man's out fit where there are no recruits. Some of you fellows who were always hollering about being willing to soldier where there were no "boots" have now got a chance to show that you meant it.

Just drop in and see Sergeant Bruce at the Marine Corps Recruiting Office, 605 King street, and talk it over with him.

Those statistical records of the Marine Corps in the war are going fast, and if you want a copy you had better come up after one right away.

The latest discovery in motion pictures! What is it? You will never know 'till you see "A Scream in the Night." At the Richmond tonight.

RAILWAY SERVICE MUCH CRIPPLED

New York's Food and Fuel Supply Almost Paralyzed

TROOPS HANDLE MAIL

Ony Freight Shipments to Reach Are Solid Food Trains From Chicago—Passenger Service Curtailed

New York, April 13:—The strike of railroad workers here last night presented the most menacing situation the city has faced since the unauthorized walk out began. Freight service on the railroads over which come the bulk of the city's food and fuel virtually was paralyzed and passenger service, already seriously curtailed, was still further crippled.

The first act of Federal intervention came yesterday, when armed United States troops went into Jersey City to unload stranded mail trains, and Department of Justice agents extended their investigations into every corner of the New York district.

Appeals by railroads for volunteer workmen and the campaigns of the strikers to recruit their ranks from men still loyal to the roads had become more insistent. While strikers' representatives urged crews to quit work, railroad officials, "white collar" employes and volunteers were being drilled for strike breakers.

The situation last night was as follows:

The only freight shipments received during the day were "war specials" of solid food trains brought from Chicago by the New York Central, and a few cars which crept in over the New Haven and the Pennsylvania roads.

Mail train schedules were generally disrupted, and motortrucks were pressed into service for postal first aid in all important sections.

Hundreds of thousands of commuters living in New Jersey were unable to reach their places of business in New York.

Invite Ladies to Join

Citizens' Asscciation to Discuss Civic Improvements

The Alexandria Citizens' Association at a meeting held last night endorsed the Virginia Rapid Transit Company, which concern will operate a bus line between Alexandria and Washington, and urged the members of the association to give this company what assistance they could in getting started as soon as possible.

According to a report of the street committee the removal of ashes is progressing in a satisfactory manner.

The utilities commission reported on the Washington-Virginia Railway Company. It was agreed to cooperate with the Chamber of Commerce regarding the taking of the census.

The unsightly condition of the grounds surrounding the Alexandria High School was discussed, the opinion prevailing that some action should be taken without further delay on this matter.

It was decided to invite ladies to become members of the association Another meeting of the association will be held next Monday night at the Community Center.

HAPPENINGS ABOUT CITY TOLD IN BRIEF

A rehearsal of the Seminole Players is scheduled to be held in Odd Fellows' Hall tonight

The Jubilee Social Club will hold the regular weekly dance tomorrow Wednesday, evening, in Odd Fellows' Hall.

An important meeting of the Parent-eachers' Association, colored, will be held at 517 Gibbon street tonight.

Rehearsal of the American Legion play was held last night, and will be held again tonight. Children of the various groups will meet tomorrow afternoon at 3:15.

A number of matters of importance will be up for consideration at the semi-monthly meeting of the city council which will be held at 8 o'clock tonight.

A meeting of Liberty Rebekah Lodge of Odd Fellows will be held tonight at which time Col. Groom and wife of Baltimore will visit the lodge. Several candidates also will be initiated.

The service at the Methodist Protestant Church Sunday was conducted by the pastor, Rev. G. J. Hill. Rev. C. R. Strausburg and Rev, Raymond W. White assisted in the service. The sermon being preached by Rev. J. W. Kirk.

On account of the mass meeting to be held Wednesday night in the interest of the Palestine Restoration Fund the meeting of the Retail Merchants Bureau of the Alexandria Chamber of Commerce has been postponed until 8 p. m., Thursday, April 15, 1920.

Leila Heflin, the 10 year old daughter of Mr. and Mrs. George Heflin, of 403 North West street, fell Sunday and caught one arm on a hook and hung until she could be extricated, tearing the flesh from the elbow to wrist, and is now under treatment in the Alexandria Hospital.

Mrs. Thesie Clifford Jordan, 32 years old, died last night at her residence at Camp Humphreys, Va. The body was brought here and taken to Demaine's mortuary chapel and prepared for burial. The deceased formerly lived at Leesburg, Va.

The white paper situation is becoming serious. Owing to the scarcity of white paper and now the inability to get same, many smaller papers are already suspending publication. The Washington Evening Star this afternoon owing to the shortage print but sixteen pages, one half of its usual size.

The St. Mary's Dramatic Club has put on finishing touches for their latest play and this clever organization under the direction of Jno. Hoffman, of Shubert Garrick Stock Co., will present The Village Lawyer at Lyceum Hall on Duke street. Thursday and Friday April 15th and 16th. This is a clean up to date comedy and abounds with fun.

The first and second degrees of the order will be conferred on a large class of candidates tomorrow night by Fitzgerald Council No. 459, Knights of Columbus. The local degree team will be assisted by John S. T. Burns, recently appointed second degree office of the different Washington councils. A souvenir match case, bearing the emblem of the order, will be presented each member attending the degree.

Beware of "A Scream in the Night" Scientists declare it is inevitable. At the Richmond Tonight. 89-1c

THE STRIKE SITUATION

The detraining of passengers on through trains at the union passenger station in this city and the boarding of electric trains for Washington was continued yesterday and last night. The trouble at the union station at Washington and at Potomac Yards, adjoining Alexandria, resulted in the gathering of trains in this city, which temporarily became the terminal of the roads.

It was said last night that the electric road between Alexandria and Washington would be tied up after midnight, as it would not be furnished with current from Bennings after that hour on account of the strike. Many commuters who are employed in the capital city were made anxious by this announcement. They experienced great relief this morning when they found the trains running as usual.

MUST PAY POLL TAX

Those who wish to qualify as voters in the presidential election have just three weeks in which to pay their poll taxes and become qualified voters. As the election will fall this year on November 2, poll taxes must be paid by May 2, the law requiring the payment of such taxes six months prior to the election for which the voter is qualifying.

May 2 falls on Sunday, so taxes must be paid on the preceding Saturday, May 1. Attorney General John G. Saunders, made this point clear, saying that there could be no other interpretation of the law, and that to receive payments on the Monday following May 2 would be to violate the six months' requirement.

November 2 is the earliest election day for many years, the date being set for the first Tuesday after the first Monday in the month. It so happens that November comes in on Monday this year.

The six months' limit does not apply to those men who become 21 after May 2, however. These eligibles may pay their taxes right up to the last day before the election.

Another development may be the ratification by the thirty-sixth state of the proposed nineteenth amendment to the Constitution, extending suffrage to women. If this is done prior to November 2, any woman who can meet the requirements prescribed in the statute passed at the recent session of the General Assembly may pay her poll tax for 1921 and vote in the presidential election of this year.

Ratification of the last state necessary to make the amendment effective will greatly enlarge the vote in the next election, as the Equal Suffrage League of Virginia has over 150,000 registered women members who have announced their desire and determination to vote.

PRACTICAL SUGGESTION

"Take your troubles to the Lord—He's your Big Boss,' was the counsel recently received and acted upon by a body of mill workers in Wheeling, W. Va., who were on the verge of going out on strike, and in Cleveland, O., a dispute between Swift and Co., and 550 packing house employes was settled after the strikers and the management of the plant had listened to a homily on the love of God and the necessity of returning to His teachings by John J. Walsh, Conciliation Commissioner of the Unted States Department of Labor. 'We must get back to God's teachings, and must have brotherly love in our hearts to make the world's great undertakings go forward,' exhorted Mr. Walsh. In the West Virginia town application of the principles of the Sermon on the Mount to the solution of modern industrial problems has been suggested to the Ohio Valley Trades and Labor Assembly by Will H. Colvig, a locally prominent business man known as the 'peacemaker,' and that body has definitely endorsed the teachings of Christ as a platform on which both capital and labor can meet and agree. Mr. Colvig has been successful in many instances in settling labor troubles to the satisfaction of both employer and employe, and on several occasions he has found a Scriptural truth coupled with a mild exhortation to be sufficient to persuade an agitator to turn from his self appointed mission of stirring the ashes of discontent. The Golden Rule often has been suggested as a means toward bringing capital and labor to a common understanding, but in Wheeling and its vicinage it seems for the first time to have been put into practice with effective result. There it is planned to rely on this principle and on the virtue of brotherly love to compose all the differences which may arise between employers and the workingmen. The local press generally agree that the Christian doctrine may be found to be permanently practicable, and one paper suggests that its local enunciator be placed on the next Federal Industrial Commission.

THE ACTION OF FRANCE

The attitude of France in occupying advanced territory on the right bank of the Rhine my be embarrassing to her allies, but it is perfectly understandable There is very much in the argument that she should have allowed the Berlin government's troops to enter the Ruhr district and clean up the Reds under a pledge to retire when the cleaning up process had been completed. Surely at the present time France has nothing to fear from German offense. But she dosent trust Germany and is apprehensive that if the latter is given any concessions whatever, progressive advantage will be taken of them. As a contemporary says, "Germany from the start has been playing a subtle game. She has put up a poor mouth; has proclaimed her inability to carry out the terms of the treaty; has carried on a systematic propoganda designed to influence her late enemies to reconstruct the treaty. France realizes the danger that if such a policy should be adopted she would stand small chance of obtaining reparation for the immense injury wrought her industrial interests. German factories are intact. French plants are wrecks. France is in no mood to see her just claims ignored, and the softening of the terms of the treaty could not fail to affect them. Hence she insists that they shall be carried out to the letter, and when the Germans, in technical violation of the treaty, move an unnecessary number of troops into the neutral zone, she meets the move by advancing her own troops."

WOMEN USE PISTOLS

Danville, Va., April 13.—As a result of the shooting affray which took place a month ago, when Marshall Stone was wounded by Newton Tate, Vila Stone, sister of the wounded man, and Miss Annie Tate, daughter of the man accused of shooting him engaged in a fight with pistols in Schoolfield.

The families live on adjoining lots The two young women quarreled in the street and both drew pistols, and one of them a butcher knife. Miss Stone is said to have fired three times at the other woman, missed her and escaped in an automobile over the State line before the county officers reached the scene. Nobody was hit by the bullets.

Lions are the only animals of the cat family to have circular pupils when their eyes are contracted.

AGREEMENT WITH BRITAIN

Paris Government Promises Not to Take Independent Action in Future

London, April 13.—The near crisis affecting the relations between France and England passed over yesterday, when the controversy growing out of French occupation of the German Rhine cities was virtually closed with a complete and amicable understanding.

The situation was cleared away with the receipt of the second French note, which arrived yesterday morning. While not admitting responsibility for any past actions, Premer Millerand promises that no independent action will be taken in the future.

The occupied German towns will be evacuated, the French Premier declares, just as soon as the Germans withdraw from the Ruhr.

When Nature Colors the Cheeks

She Applies It From Within, Not From Outside
Pepto-Mangan, Nature's Beautifier
It is the Coloring Matter of Pure Blood That Makes a Good Complexion

Beauty is more than skin deep. No one can have a clear, delicate skin, glowing with health, if the blood is impure or lacking in the vitally necessary iron that gives the coloring matter to the "life fluid." Neglect of regular and necessary waste elimination, helps to render the blood impure and reduce its iron contents. The best cosmetic in the world is pure, healthy, iron-rich blood.

Doctors, realizing the importance of enriching and improving the blood, have for years prescribed Gude's Pepto-Mangan, the pleasant and proved blood builder and tonic.

Pepto-Mangan contains just the elements needed to change thin, watery blood to good, red blood, Pepto-Mangan builds rich, red blood, enabling it to carry strength and vigor to every part of the body.

Gude's Pepto-Mangan has become so well known, by reason of doctors recommending it, that you can get it in tablet or liquid form at any drug store. Instead of trying to cover up a poor complexion, get a bottle of Gude's Pepto-Mangan and note how soon you feel better, sleep better, work harder, play with more zest—and how your skin and complexion are improving.

Only make sure to get the genuine. It has "Gude's" on the package.

SLAYER SURRENDERS

Athens, Tenn., April 13.—After fourteen years, during which time he has been living in security somewhere under an assumed name, Richard Derick, astonished Sheriff Lawson, of this county, by walking into the jail and surrendering for trial on charge of having murdered Hugh Duggan, near Englewood.

The killing took place fourteen years ago this month and had been to a great extent forgotten. Few people can be found now who can tell any of the details of the crime. Derick was indicted at the time, but he escaped arrest, left the community later sent for his family and under another name has lived and prospered. He told the sheriff that two weeks ago he promised his wife, who was on her death bed and has since died, that he would bring the children back to Athens and give them their right names. In carrying out that promise, he said, he could do nothing but surrender to the authorities, face a trial and accept his fate.

7 DEAD, 200 INJURED

London, April 13.—Two hundred persons injured in the explosion of a munition dump at Rotenstein, near Koenigsberg, East Prussia, Sunday have been rescued, according to a Berlin dispatch to the Daily Mail. Explosions are continuing, and rescuers are able to approach the scene only in armored cars.

Fuses were being removed from big calibre shells at the dump when one was ignited in some way, and thirty tremendous explosions followed, wrecking dwellings over a wide area and shattering thousands of windows in the city.

Berlin, April 13.—Seven persons were killed in Sunday's explosions at Rotenstein, according to dispatches received here.

METHODISTS LIFT BAN

Kingston, N. Y., April 13.—The New York Conference of the Methodist Episcopal Church yesterday adopted a resolution indorsing a proposal to amend Church discipline by striking cards, dancing and theatre-going. This action was taken after a spirited debate and after the Conference had reconsidered its previous decision to take no action at this time.

"If I were a devil I would slap myself on the back over this action of the Conference." declared the Rev. J. J. Deane, one of the oldest members, who led the opposition forces. A proposed amendment to prohibit only "voluptuous dancing" was drowned in laughter.

DODSON KILLING USE OF CALOMEL

Says Drug is Mercury and Acts Like Dynamite on Your Liver

Dodson is making a hard fight against calomel in the South. Every druggist has noticed a great falling off in the sale of calomel. They all give the same reason, Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor an dambition.

VIRGINIA NEWS

More than 100 delegates are expected to attend the annual meeting of the State supreme council of the Royal Arcanum of Virginia, which will meet at Murphy's Hotel, Richmond, on April 20 and 21. Delegates from every council in Virginia are expected to attend. Election of the grand officers of the organization for the State of Virginia and of delegates to the national supreme council are the features of the meeting.

Bettie Little, a 16 year old girl, is in a serious condition in a Bristol hospital as the result of having shot herself through the right lung. She was employed at a hosiery mill.

Stephen Ashworth Gravely, Jr., aged 5, was instantly killed near Rocky Mount, when an automobile in which he was riding with his parents in the suburbs of the town turned over on an embankment. The child's parents were only slightly injured.

Being dissatisfied with health conditions among the convicts in the State prison, Governor Davis yesterday announced that he had suspended J. H. Wilkinson, member of the board of directors of the penitentiary, and requested the secretary of the commonwealth to issue a commission to Col. Leroy Hodges, of Petersburg, who has been chosen to fill the position.

Every school in Virginia will have an opportunity to give his or her nickel or dime to the proposed gift to France of a Marne memorial in the shape of a statue of Liberty, similar to the one presented America and erected in New York harbor in 1879, during the week of April 26 to May 1. "America's Gift to France Week." The memorial, which is to be placed on the banks of the historic Marne River, will commemorate the gallant stand of the French in September, 1914, when General Joffre checked the onrush of the Germans. The statue will cost $250,000, of which Virginia's share is $5,000.

Rev. Paul Kanamori, known as "The Billy Sunday of Japan," who is in Richmond speaking to the students of the Union Theological Seminary, preached to a large audience at Grace Covenant Presbyterian Church Sunday morning. The famous Japanese evangelist has been praeching one sermon all over Japan for three years, he stated, in which time he has had 49,000 conversions. He calls it "God, Sin and Salvation." It takes three hours for him to preach his famous sermon in Japanese, and he has had 30,000,000 printed copies of it circulated all over his native country.

The largest inheritance tax ever paid the Federal Government in the Fredericksburg section was turned in Saturday to Collector R. C. L. Moncure by the executors of the estate of the late Henry Warden. Senator C. O'Conor Goolrick, attorney for the estate, in answer to a question as to the total tax paid, stated that it was approximately $133,000. The Virginia inheritance tax, one half of whch will go to Fredericksburg for school purposes, has not yet been determned.

A skeleton found in the woods between Tasley and Accomac by a negro woman hunting for wood has been identified as that of Horace Nock, of Accomac, missing from his home nine weeks. When Mr. Nock left his home he carried $400 to purchase corn in Philadelphia. This was missing when the body was located, although the pin with which it was fastened to the vest pocket was found.

Mrs. Katie Archer, who together with her husband, took bichloride of mercury tablets in an effort to end their lives, died Saturday at Petersburg Hospital. The youthful husband is still in a precarious condition.

Fire of unknown origin, starting in Murphy's livery stable, Cape Charles, destroyed five dwellings and four barns in Princess Anne, Maryland, yesterday afternoon. Salisbury firemen extinguished the flames after three hours' fighting. Most of the town would have been destroyed had not outside help arrived. The loss is $60,000.

STICK TO YOUR JOBS!

Don't Chase About In Search of the Pot of Gold Supposed To Be at the End of Every Rainbow!

Men who drift from job to job and from city to city, never gain financially through such frequent changes. In these days men are attracted from positions of trust and responsibility by the offer of a few dollars increase in salary. The additional money which they expect to earn looks attractive to them and men who are trained and have spent several years in learning a trade throw up their positions, place at naught their years of experience and accept employment that on the face seems to mean more to them. Very seldom is this the case.

In the first place, the work is not to their liking. It is harder, requiring greater manual effort and such positions usually lead to no future and no considerable increase in salary over that at which they start. It is only too often that men who change their vocation from that of the trained class, to the untrained one, break down and would be glad to obtain their old situations again.

Men who have reached places of trust and responsibility should think twice before they listen to the lure of a few extra dollars a week that some other position offers them. They will do well to think the matter over carefully and weigh the benefits, financial and otherwise, of their present situation against those that the new place of employment hold out to them.

Men's Pay Depends to a Great Extent Upon What They Earn

It is generally found to be true that when the result of man's labor is analyzed, that he is paid all that he earns. This is true whether he works in a factory, store or office, as it is scarcely possible to find an employer who does not wish to pass on to his employes as large a part as possible of the cash received from their labors.

One of the reasons that prevents many men from obtaining a larger wage is that so many are afraid that they will do too much. Instead of endeavoring to produce all that they possibly can, they strive to get by with as little work as possible.

The man who dreams of how he will work when he gets a "raise" very seldom receives the increase that is desired. He is satisfied to use the time in idle thinking and planning that if used to promote his employer's interest would bring about the longed-for raise in pay.

The man who is advanced to a position of greater trust and with an increased wage, is the man who works his best, always having the interest of his employers at heart and who endeavors to do his utmost every day.

Report of Big Wages Are Often Unfounded

Recently, a report was spread throughout this city and vicinity, that one of the factories needed a large number of men and were offering to pay inexperienced men 80c an hour. Several hundred men applied for work. The factory did need help but the actual fact was that the wage offered was half of what was reported.

What was the result?

Five men, out of the several hundred, went to work. The others, at the least, lost a day's pay and many of them were at the expense to come to the factory where it was reputed that the large wage was to be paid.

The factories, where these men were employed, lost the results of the efforts of the men who failed to report. Already behind on orders, this meant a further delay in the shipment of many long-promised goods.

The families of the men were also deprived of the comforts that the day's pay would have purchased.

If the reports of big wages being paid in other cities were traced down, in a great many, if not in all cases, they would prove to be without foundation, as was the one here related.

Many Things To Be Considered By Those Who Seek New Jobs

If men would stop and weigh carefully all things that enter into a man changing jobs, there would be much less shifting about.

There is a long pay for one and in many times several days when a change of employment is made.

If the accepted situation is in another city, it means, in the case of a married man, incurring a great expense in cartage charges and in the search for a new house, which is often only obtained at an increased rental. There is also expenses attached in the moving of the family. Frequently in the going from one city to another, new clothing is required. In fact, if just consideration is given to the matter, it will be found the cost of the change of jobs is greater than the additional pay earned for several weeks.

Even the single man will find upon investigation that his expenses incurred in changing employment is a sum worthy to be given thought.

Some times men secure positions near enough their homes so that they can go back and forth on the street cars, railroads or by motor driven conveyances. This means an expense that must be met everyday, as well as making the work-day longer by reason of the time consumed in going to work and returning.

WALKOUT CRIPPLES POTOMAC YARDS

(Continued from Page One)

The Potomac yards were constructed in 1903 and never before since their construction has there been such a tie up of freight as confront the officials as today. Up to noon today no decision had been reached by the railroad officials for relieving conditions.

Passengers on incoming trains from the south today are being carried through to Washington detraining at the Seventh street station, Washington. Passengers from the South all day yesterday detrained here and boarded trolley trains for Washington.

At the union passenger station S. D. Shelton, ticket agent, said that orders had been received from R. F. and P. road to discontinue selling tickets for points north of Quantico.

The R. F. and P., company also received notice today that they are not receiving any freight for the present.

As a result of freight tie up the situation here is becoming serious. Practically no foodstuffs are being received and the local wholesale merchants are seriously effected. But little freight is being shipped out of the city as a result and most of the wholesalers are delivering freight to nearby points by motor truck under difficulty.

It was learned this afternoon that there are 250 cars filled with perishable goods on the tracks at the Potomac yards.

ATTEMPTS TO LAND ARMS

London, April 13.—Two attempts to land arms and ammunition in Ireland from two vessels, one from Hamburg and one from a Report, is reported in a dispatch to Edinburg. Both ships, according to the report, have been detained in a port on the east coast of Scotland.

The arms and ammunition were concealed under the coal in the bunkers, the dispatch said. The one from Hamburg also carried a submarine tank camouflaged on the deck, was reported. It is also said that an attempt was made to transfer part of the cargo of the ship from Hamburg to the one from the Russian port.

A pound of raw silk could be spun enough unsum thread to reach 300 miles.

An automobile moving 50 miles per hour should be made to stop in 300 feet.

EXAMINE OUR GRADES
WHEN CONSIDERING PRICES:

With prices on Lumber and other Building Materials at their present levels, there are many items in the lower grades which can often be substituted satisfactorily and at a considerable saving.

We have become so much impressed with the possibilities of doing this to advantage that we are exercising the greatest care in buying only from those mills who pay the closest attention to the manufacture and grading of their lower priced stocks.

We ask our customers to examine these grades when buying as we believe they will find some excellent values, and a knowledge of what a carefully selected lower grade really is will often prevent the buying of a so-called higher grade at a little under the market price for the high grade, when it is actually a lower grade and can be bought as such.

ALLEGED CRUELTY

Court Told Vaudeville Artist Branded Daughter With White Hot Iron

New York, April 13.—Sixteen year old Minnie Gallander was the principal witness yesterday when her father, John Gallander, was brought to trial on charges of cruelty.

She told the court that Gallander had mistreated her by:

Throwing cooking pots, knives, forks and plates at her.

Branding her with a white hot iron.

Striking her on the head with a stick with a nail through it.

Gagging her when she screamed with pain.

Locking her in a cupboard for three days with only bread and water.

Dragging her around by her hair.

She also said she lived for three days on bones and stale bread fished from garbage cans.

Gallander, a clay moulder in vaudeville under the name of Gallando, was in court and smiled continually while his daughter was on the stand.

The girl said her stepmother incited her father to much of his cruel treatment of her.

PROMOTING LOTTERY

Ohio Police Seize More Than $100,000 Worth of Tickets During Raid

Columbus, Ohio, April 13.—What is declared by local police officers to be the start of a nation wide campaign against four big lottery companies operating throughout the country was taken here Sunday when fourteen Columbus men were arrested and jailed on charges of selling lottery tickets or promoting a lottery.

More than $100,000 worth of lottery tickets were seized here, the police say.

The four lottery companies are said to be the Honduras, the Cuban, which is declared to be conducted through the National Bank of the republic of Cuba; the Metropolitan whose headquarters are in Montreal but whose printing establishment is said to be in Toledo, Ohio, and the Alaskan.

According to the local police, they learned of the alleged lotteries when ticket salesmen approached a police man and asked him to buy tickets. The police state the tickets were offered for sale at from 50 cents to $10 each, and that the prizes offered ran as high as $10,000 and $20,000.

Those arrested included one alleged general agent of one of the lottery companies and thirteen others, who acted as salesmen for the various companies.

POLICE STOP LYNCHING

Victim, Said to Have Picked Members' Pockets, Was on the Way to a Tree

New York, April 13.—An attempt to lynch a man accused by worshippers in a Russian church in Brooklyn of having picked the pockets of two persons attending services there was frustrated early yesterday, by the police, who too khim from a mob as he was being dragged to a park. A rope had been procured and the man was badly beaten before the police arrived.

No More Corn Suffering

"Gets-It" Never Leaves a Corn On Any Foot For Very Long.

The hurting "pep" goes right out of that corn the moment a few drops of "Gets-It" lands thereon. It is through, and "for keeps."

Corns and "Gets-It" Can't Live Together

You'll have no more pain but will notice the corn getting loose and wobbly. In a day or so, you lift it right off without any feeling. That's the end of the corn and of your troubles. Millions have proved "Gets-It" to be the one and only unfailing, common sense corn remover. Why not you?

"Gets-It" costs but a trifle at any drug store and carries a money-back guarantee. M'f'd. by E. Lawrence & Co., Chicago.

I Don't Believe In That

Do you know that one of my patients tells me that such was the answer received when he suggested that a sick friend try chiropractic—Being questioned the friend admitted that he did not know what chiropractic was. Here you see was a case of condemnation before investigation. But such is the world, always was, it used to be flat once, flat as a pan cake—A medical doctor of several years experience was losing his little 6 months old boy, dying with the Flu, in spite of several medical men in Washington, called in consultation—Three days and nights the little life hung in the balance, medical skill had failed. The father had heard what he considered absurd claims of what chiropractors could do in cases of flu and puemonia; but his own little boy was dying, his own baby—He called a chiropractor and wonders, in a couple of days theerGjh???Wsn-rvIa wonders of wonders, in a couple of days the baby was fast on the road to health.—Did this open the doctors eyes? Yes, he went and took a course in Chiropractic, is now practicing that science, absolutely without medicine and is building up a magnificent practice in the city of Washington. There is no one so blind as he who will not see. But when a call for a life of some dear one comes right home, ethics and prejudice must go. I am here to accomodate the people of Alexandria.
